Workshop “Travel Data Analysis with ADS4”

Participants acquire basic skills in travel data analysis with the help of our new generation software tool ADS4. The workshop begins with the reading out of travel data followed by a step-by-step explanation of how travel data analysis is carried out. You learn the structure of the new program in detail, especially the use of different display options. By using examples, you learn how search functions are used and reports are printed. In this way, you get to know the complete functionality of ADS4 software.

Working knowledge of the application of ADS3 is desirable but not a precondition.

Workshop themes will include:

- Reading out of travel data
- Analysis of travel data in tabular and graphical representations
- User-specific configuration of the software
- Use of search functions

Information

Price of Workshop

1,400.00 euros/person plus Vat including snacks, dinner and beverages during the Workshop at the DEUTA Academy. 3,750.00 euros for in-house training at the customer’s premises (throughout Germany/max. 10 participants).

Workshop dates

You find the current dates on our website. The number of participants is limited so that we can deal intensively with individual questions. Applications are dealt with on a “first come, first served” basis.

Payment

The price of the seminar is due on receipt of the invoice.

Cancellation

In the case of cancellation up to 10 working days before the seminar is due to begin, we will charge 120.00 EUR. After this time, the full seminar fee is due. If a seminar needs to be cancelled by us for unforeseen reasons, including at short notice, we will inform the participants immediately. Fees which have been paid will be refunded in such a case.

Workshop “Travel Data Analysis with ADS4”

DEUTA Academy

Our Expertise

Since 1905 the name DEUTA-WERKE GmbH has been representing expertise in the areas of sensor technology, travel data recording and visualisation. We are delighted to pass this knowledge on to our customers.

Technological developments are advancing at an ever faster pace today which has lead us to offer training for the employees of our rail customers with **practical, hands-on seminars for operators**. The demands made on users are constantly increasing. New forms of organisation within companies require employees to be qualified, flexible and able to deal with challenges quickly. State-of-the-art knowledge is the precondition for certification and new specifications in safety technology.

The DEUTA Academy training programme is geared closely towards the market requirements of our customers. **Qualification measures, customer training and hands-on workshops** form an integrated, high-quality training concept.

Our participants enjoy the benefits of our competence and knowledge networks.

Day 1, 13:00 to 20:00

- 12:15

Start of Workshop Day 1
Arrival of the participants
Reception – coffee & snack
- 13:00

Welcoming of participants;
Introduction of speakers
Workshop overview; Organisation
- 13:15

Introduction to the functionality of ADS4 software
 - Hardware requirements for installation of the software
 - Interfaces required for the reading out of travel data from the recorder
- 14:45

Coffee break
- 15:00

Practical Data Evaluation Part 1
 - Reading out travel data from various recorders
 - Data storage and data backup on the PC
 - Opening travel data files with ADS4
 - Displaying travel data in graphical and tabular view
- 17:30

End of Workshop Day 1
- 18:00

Dinner & exchange of experiences

Tag 2, 08:30 to 13:00

- 08:30

Practical Data Evaluation Part 2
Use of graphical and tabular representation for data visualisation & using search functions in ADS4
- 10:00

Current customer requirements and market developments in evaluation software and data recorders
Combining recorders and evaluation software in one project.
- 10:30

Coffee break
- 11:00

Practical Data Evaluation Part 3
 - Adaption of data representation and layout
 - Export of travel data
 - Creation of evaluation reports using evaluation software
- 13:00

End of Workshop Day 2
- 13:00

Lunch in the canteen – optional
Departure
